**Qualification of Quote**

On Monday April 30, 2018, the California Supreme Court issued a decision adopting a new legal standard for determining whether a worker is an employee or an independent contractor. If the ruling is upheld, there will be a significant financial impact to our industry. It is estimated that industry rates could increase 20% or more and there could be a larger shortage of trucks in an industry already short on trucking resources. To protect our customers and our Company we must qualify the potential impact of this decision in our quote. Therefore quoted rates this date are subject to increase based on the Final Supreme Court ruling.

DBE Good Faith Efforts Documentation**

To Whom It May Concern:

The following is a summary of the DBE Good Faith Efforts Documentation.

**Exhibit A:** We have listed items of work that DeSilva Gates Construction made available to DBE firms, and have identified items of work the Bidder might otherwise perform with its own forces, items that have been broken down into economically feasible units to facilitate DBE participation, and items for which the Bidder has established flexible time frames for performance and delivery schedule in a manner that encourages and facilitates DBE participation.

- DeSilva Gates Construction Attachment A-1

**Exhibit B:** We have attached copies of solicitations, email messages, telephone records, and fax confirmations.

- Friday, October 12<sup>th</sup> 2018 conducted a DBE query on CUCP directory for 34 work categories in District 4. Resulted in 441 DBEs.
- Friday, October 12<sup>th</sup> 2018 "Bid Invitations" emailed and faxed to 441 DBE firms who indicated interest in District 4 and in the 34 work categories.
- Friday, October 12<sup>th</sup> 2018 conducted an Opt-In query where 11 firms were listed. Faxed "Bid Invitations".

- Monday, October 29<sup>th</sup> 2018 conducted a second Opt-In query where 18 firms were listed. Called to follow up.
- Conducted follow up phone calls on October 29<sup>th</sup> 2018.
- Attached sample "Bid Invitation" announcement dated October 12<sup>th</sup> 2018.
- Spreadsheet on "Bid Invitation" announcement, phone/fax/email log, and results.

**Exhibit C:** DeSilva Gates Construction provided plans and specifications specific to the items of work being offered. A list of selected firms and its status as a DBE, the DBEs that provided quotes and the price quote for each firm and the price difference for each DBE if the selected firm is not a DBE. Provided copies of each DBE and Non-DBE quote submitted to the Bidder whenever a Non-DBE firm was selected over a DBE for work on the Contract.

- The Bid Invitation and the advertisements provided the DBE with information on where to obtain the plans and specifications, including access to the plans and specs at DGC's offices in Dublin and Sacramento.
- Attached spreadsheet with the Select/Reject and quotes.

**Exhibit D:** Attached you will find our outreach efforts to identify and solicit the interest of all certified DBEs that have the capacity to perform the work of the Contract.

- Solicited 441 DBEs from CUCP and Opt-In, by email, fax and phone in 34 work categories. Solicitations occurred on October 12<sup>th</sup> 2018 (See attachments in Exhibit B).
- Advertised in California Department of Transportation, Minority Bidders Bulletin and Construction Update, Small Business Exchange, Daily Construction Service and Daily Pacific Builder. Advertisements were placed on October 4<sup>th</sup> 2018, October 8<sup>th</sup> 2018 and October 12<sup>th</sup> 2018. See attached advertisement announcement.

**Exhibit E:** Attached are our efforts made to provide interested DBEs with adequate information about the plans, specifications and requirements of the Contract.

- Bid Invitation and advertisements provided information about the plans, specifications and requirements of the Contract to assist them in responding to a solicitation. See attached.

**CLARIFICATIONS:**

1. Contractor to provide monthly progress payments for all completed work in accordance with the bid pricing schedule. Monthly progress payments must be received in full by Super Seal & Stripe no later than 10 calendar days after the Contractor receives payment from Owner for our completed work. Delinquent payments will be subject to the highest interest rate allowed by law.
2. Retainage percentage on monthly progress payments to be no greater than the percentage retained by the Owner on its payment to the Contractor. If Owner reduces the retainage percentages on payments to the Contractor, the Contractor shall likewise reduce the retainage percentage on payment to Super Seal & Stripe. Full retention to be released no later than thirty, (30) days after completion of Super Seal & Stripe's work. Excessive or delinquent retainage will be subject to the highest interest rate allowed by law.
3. Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like, to be provided by others.
4. Prices are based on Plans & Specifications available at bid time, including all addenda. Any request for work (post bid) under conditions differing from those represented by the Prime Contract Documents, including but not limited to: altered phasing or staging, design changes, modified layout, resulting from plan errors or inaccurate designs, will require payment for additional work to be made to Super Seal & Stripe at an amount agreed upon prior to performing this work. If an amount cannot be agreed upon prior to performing the additional work the amount will be determined using Caltrans Force Account Rates or unit prices established in the bid pricing schedule, or a combination thereof; established in the bid pricing schedule, or a combination thereof; whichever method results in a higher overall payment.
5. Super Seal & Stripe is not responsible for delays caused by and or resulting from activities or non activities of others, including but not limited to, Owner, Contractor, Vendors, Suppliers, other subcontractors and other factors not in direct control of Super Seal & Stripe. For the delays caused by the aforementioned, Super Seal & Stripe will be reimbursed for all direct and indirect costs plus a mark up of forty percent, (40%) or as specified and allowed by the Prime Contract if the delays are caused by the Owner. Super Seal & Stripe will be granted an extension of time to perform its work tantamount to the delays.
6. Super Seal & Stripe requires (15) days notice prior to commencement of any production activity. If any of Super Seal & Stripe's work will be a controlling operation on the critical path of this project, Super Seal & Stripe must be notified in writing prior to execution of the Subcontract Agreement and provided with a CPM schedule which details this work. Failure to provide this information will waive the Contractor's right to recover liquidated damages from Super Seal & Stripe for this work.
7. All changes to the original scope of work proposed extra work must be directed by the Contractor in writing prior to Super Seal & Stripe performing this work.
8. For the purpose of this Subcontract Quotation one (1) move-in is considered to be: a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Additional Move-in Charge as quoted herein.
9. Super Seal & Stripe must receive a letter of intent to award us the subcontract no later than (20) calendar days after bid date or this Subcontract Quotation becomes null and void.
10. Super Seal & Stripe is an Equal Opportunity and Affirmative Action employer, that adheres to laws & regulations of Executive order 11246 Sec. 503 as amended of Rehabilitation action 1973 as amended and 4211 (USC) Vietnam Veterans readjustment as amended.
11. If General Contractor or any of its sub-contractors work within Super Seal & Stripes traffic control, the expense will be shared accordingly at Super Seal & Stripe discretion. No advance posting, signing, or Portable CMS is included for Super Seal & Stripe Traffic Control.
12. Pre-Striping pavement preparation, including sweeping & curing compound removals, to be provided by others.
13. Any additional work in excess of the quantities price will be billed at the units. No discounts given for under-runs without prior approval of Super Seal & Stripe.
14. This proposal excludes all costs associated with training classes, badging, fingerprinting, background checks, etc. including but not limited to any fees and man hours required.
15. Any down-time due to work site access restrictions will be billed as an extra cost at the rate of \$125/man hour.
16. This proposal excludes any insurance requirements beyond those which are included on the last page of this proposal.
17. Upon acceptance of this proposal, all terms, conditions and exclusions on all pages of this proposal shall be incorporated into the contract as an addendum.

**THIS PROPOSAL EXCLUDES BOND COSTS. CALL FOR BOND RATE.**

**Civil Engineering and Stormwater Solutions**

October 30, 2018

**RE: Proposal for WPCP Services for Caltrans 04-4J2814, bidding 10/31/18**

**Dear Prime Contractor,**

Thank you for the opportunity to provide a proposal for this project. We provide civil engineering and stormwater management services.

**Scope of Work:**

- A. Prepare Water Pollution Control Program (WPCP)
  - I. Prepare a Water Pollution Control Program (WPCP). The document will be prepared in accordance with Caltrans requirements. Water Pollution Control Drawings will be included.
  - II. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.
- B. Provide Weekly Stormwater Inspection and Water Pollution Control Manager, for weekly inspection
  - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Practitioner (QSP) certification.
  - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSP.
  - III. Provide quarterly non-stormwater monitoring inspection.
  - IV. Check NOAA weather forecast daily.
  - V. Provide stormwater inspection reports once a week.
  - VI. Prepare WPCP Amendments as needed.
  - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
  - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item C below for rain event inspection).
- C. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection
  - I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
  - II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
  - III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces ½" or more of rain with a 48 hour or greater period between rain events.
  - IV. Inspections will be done or overseen by a QSP.

**Qualification of Quote**

On Monday April 30, 2018, the California Supreme Court issued a decision adopting a new legal standard for determining whether a worker is an employee or an Independent contractor. If the ruling is upheld, there will be a significant financial impact to our industry. It is estimated that industry rates could increase 20% or more and there could be a larger shortage of trucks in an industry already short on trucking resources. To protect our customers and our Company we must qualify the potential impact of this decision in our quote. Therefore quoted rates this date are subject to increase based on the Final Supreme Court ruling.

## **Federally Funded Contracts**

### **Evaluating DBE Participation**

#### **Role of OBEO, Contract Evaluation Unit**

May 2013

The California Department of Transportation (Caltrans), Office of Business and Economic Opportunity (OBEO), Contract Evaluation Unit (CEU), is responsible for evaluating all Caltrans federally funded contracts and is responsible for counting Disadvantaged Business Enterprise (DBE) participation towards contract goals according to federal regulation. The CEU determines whether the goal has been met or an adequate good faith effort has been made by the contractor.

#### **Bidder's Responsibility – For Meeting DBE Requirements**

Refer to the Special Provisions of the specific contract you are bidding on for your responsibilities. Contracts are advertised on the Office Engineer's (OE) website at [http://dot.ca.gov/hq/esc/oe/weekly\\_ads/index.php](http://dot.ca.gov/hq/esc/oe/weekly_ads/index.php) and the Division of Procurement and Contracts' (DPAC) website at <http://caltrans-opac.ca.gov/contract.htm>.

#### **Contract Evaluation Unit's Responsibility – Counting DBE Participation**

Step 1	A contract is received from Office Engineer (OE) or Division of Procurement and Contracts (DPAC) and the CALTRANS Bidder-DBE Commitment form from the prime contractor is reviewed to see if the prime contractor met the goal. If not, the good faith effort will be evaluated. See 49 CFR, Part 26, Appendix A, for good faith efforts guidance. This determination is based only on information timely submitted with the bid.
Step 2	<p>Review the CALTRANS Bidder-DBE Commitment form from the prime contractor to:</p> <ul style="list-style-type: none"> <li>ensure that the DBEs are certified by checking the California Unified Certification Program (CUCP) database [cross referencing DBE work category code(s) with contract bid items] <i>(If the DBE is not certified, their participation will not be counted.)</i></li> <li>ensure that the DBEs possess the correct work category code for the type of work they are listed to perform <a href="http://www.dot.ca.gov/hq/bep/find_certified.htm">http://www.dot.ca.gov/hq/bep/find_certified.htm</a> <i>(If the DBE does not possess the correct work category code, their participation will not be counted.)</i></li> <li>verify the dollar amount claimed for credit is accurate <ul style="list-style-type: none"> <li>amount claimed for credit on DBE Commitment form is consistent with written confirmation (quote) from DBE.**</li> <li>amount claimed for credit is consistent with the prime contractor's bid and subcontractor listing</li> </ul> </li> </ul> <p>Written confirmation (quotes) from the DBEs are reviewed to verify if the DBEs are committed to do the work on the Caltrans Bidder DBE Commitment form.**</p> <p><b>**Important Note:</b> Rate sheets that are generic will not be accepted in lieu of written confirmation (quotes). This determination is based only on information timely submitted with the bid.</p>
Step 3	<p>Counting DBE participation: DBE participation is "counted" only where it is demonstrated that a certified DBE possessing the correct work codes will be actively participating on the contract. CEU will count DBE participation as follows:</p> <ul style="list-style-type: none"> <li>The entire amount of that portion of a construction contract that is performed by the DBE's own forces are counted.</li> <li>DBE' participation will not be counted if the DBE is not certified at the time of bid or if a certified DBE does not possess the correct work codes.</li> <li>The method for counting trucking towards the DBE goal requires the following additional documentation: motor carrier permit, truck title, registration, and proof of insurance, trailer or tanker registration, bills of lading, sub-hauling agreements, existing commitments of trucking on other jobs, and subcontract specific information (e.g., type of material hauled, number of trucks/trailers/tankers, load capacity, distance traveled, and schedule). Truckers need to own at least one, operable, insured truck.</li> <li>DBE trucking firms receive 100 percent credit for the value of the hauling. DBE trucking firms who sublease to other DBE firms or DBE owner operators receive 100 percent of the value of the hauling.</li> <li>DBE trucking firms who sublease to non-DBE trucking firms or non-DBE owner operators receive credit for the transportation arrangement or broker fees <i>only</i> – typically from 5 -20 percent of the value of the hauling.</li> <li>Cost of material or supplies are counted at 60 percent for regular dealers. Those claiming to be regular dealers of bulk items must additionally demonstrate that they own and operate appropriate distribution equipment.</li> </ul> <p><b>Important Note:</b> There may be times when further clarification of commitment is requested for other types of work.</p>
Step 4	<p>Determination is made regarding whether goal was met. If goal was not met, the good faith effort documentation will be evaluated.</p> <p><b>Important Note:</b> The steps above are not all inclusive. Other steps may be taken in the contract evaluation process.</p>
Step 5	The contracts are returned to OE or DPAC, whichever is applicable.

**FACT SHEET**  
**Federally Funded Contracts**  
**Monitoring DBE Participation**  
**During Construction**  
*May 2013*

**Role of the Division of Construction**

California Department of Transportation (Caltrans) resident engineers and inspectors monitor the contract work to ensure the DBEs listed on the approved CALTRANS Bidder-DBE Commitment form perform the items of work specified at the time of bid opening and that no improper substitutions occur. Monitoring includes documenting the work DBEs perform by completing inspection reports. Resident engineers and inspectors ensure that all DBEs are performing a commercially useful function (CUF).

CUF is a matter of contract compliance that achieves two objectives: (1) ensures that dollars counted towards DBE goals are merited, and (2) ensures the Federal Government that funds entrusted to the State of California meet federal requirements.

Code of Federal Regulations 49, Part 26.55(c)(1)(2) states, "A DBE performs a commercially useful function when it is responsible for execution of the work on the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved."

To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating a price, determining quality and quantity, ordering the material, and installing where applicable and paying for the material itself.

A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation.

To ensure DBEs are performing a CUF, the resident engineer or inspector documents the DBE's work in inspection reports and reviews additional documentation that verifies the DBE's participation. Some examples of the types of documents are:

- certified payroll records
- paid supplier invoices
- monthly trucking verification reports
- supplier bills of lading or purchase requests
- leases

**Service and Architect and Engineering Contracts**

Monitoring DBE participation, including whether a DBE is performing a CUF, are subject to the same guidelines as stated above [49 CFR, Part 26.55(c)(1)(2)].

For further details, please refer to 49 CFR, Part 26.55.

**CALIFORNIA DEPARTMENT OF TRANSPORTATION  
DISADVANTAGED BUSINESS ENTERPRISE PROGRAM REVISIONS  
FEBRUARY 2015**

On October 2, 2014, the United States Department of Transportation published revisions to the Disadvantaged Business Enterprise (DBE) program regulations found in Title 49 of the Code of Federal Regulations, Part 26 (49 CFR 26). The DBE regulations in 49 CFR 26 form the basis for the California Department of Transportation's (Caltrans) DBE program.

As a result of the changes to 49 CFR 26, the California Department of Transportation (Caltrans) has completed significant revisions to the following sections of its Standard Specifications:

- Section 2: Bidding
- Section 5: Control of Work

Following is a summary of changes:

**Counting DBE Participation 2-1.12A General**

- To count toward meeting a DBE goal, each listed DBE, at bid opening, must possess the work category code(s) applicable to the type of work they will perform on the contract.
- If a DBE leases trucks from a non-DBE truck leasing company, it must use its own employees as drivers in order to be eligible to receive credit for the total value of the hauling services.

**DBE Commitment Submittal 2-1.12B(2)**

- All bidders must submit, no later than 4 p.m. on the 4<sup>th</sup> business day after bid opening, the following information:
  - DBE Commitment form.
  - Quote from each listed DBE that describes the type and amount of work shown on the DBE Commitment form.
  - DBE Written Confirmation form for each listed DBE to establish that the DBE has agreed to participate in the type and amount of work shown on the form.
  - If the contract goal is not met, good faith efforts documentation. Good faith efforts documentation submitted outside of the specified timeline will not be considered as part of Caltrans' evaluation of good faith efforts.
- Caltrans has modified its DBE Commitment and DBE Good Faith Efforts Documentation forms based on changes in 49 CFR 26.

**Evaluation of Good Faith Efforts 2-1.2B(3)**

- Appendix A to 49 CFR 26, "Guidance Concerning Good Faith Efforts," has been revised. Highlights include:
  - Additional emphasis on a bidder's efforts to identify and solicit DBEs.
  - Additional emphasis on a bidder's efforts to negotiate in good faith with interested DBEs, including evaluation of quotes provided by DBEs.
  - Caltrans must consider the performance of other bidders in meeting the contract goal as part of an evaluation of good faith efforts.

**CALIFORNIA DEPARTMENT OF TRANSPORTATION  
DISADVANTAGED BUSINESS ENTERPRISE PROGRAM REVISIONS  
FEBRUARY 2015**

**Reporting 5-1.13B(1)**

- Caltrans must begin collecting and reporting DBE payment data for all ongoing contracts. This is in addition to the collection and reporting of DBE final utilization upon acceptance of contract work.
- Prime contractors must submit by the 15<sup>th</sup> of each month a Monthly DBE Payment form documenting payments made to DBEs during the previous month. Failure to submit this form each month by the specified due date will result in withholds pursuant to section 9-1.16E(3), Performance Failure Withholds, of the Caltrans Standard Specifications.

**DBE Substitutions 5-1.13B(2) General**

- A substitute DBE, at the time of substitution, must possess the work category code(s) applicable to the type of work the substitute DBE will perform on the contract.
- The prime contractor must submit good faith efforts documentation for DBE substitutions within 7 days; the timeline may be extended an additional 7 days at the contractor's request.
- A prime contractor's inability to find a replacement DBE at the original price is not alone sufficient to support a finding of good faith efforts to replace the original DBE.

.....

This summary was prepared by the Office of Business and Economic Opportunity (OBEO) to promote awareness of changes to the DBE regulations at 49 CFR 26. The information provided in this document is not intended to supplement or replace contract documents that contain information regarding contract-specific requirements.

Caltrans encourages bidders and DBEs to review on a contract by contract basis all bid documents, including but not limited to, standard specifications and standard plans, forms, and addenda to identify, understand, and comply with contract requirements.

For more information about the Caltrans' DBE program, please visit the OBEO's web site at <http://www.dot.ca.gov/hq/bep/>.
